# About Us

Atlanta Waterproofing is a locally owned and operated waterproofing company proudly serving homeowners and commercial property owners across the Atlanta metropolitan area.

Atlanta Waterproofing is a trusted, locally operated waterproofing company proudly serving homeowners and businesses across the Atlanta metro area. We specialize in protecting properties from water damage through proven drainage, encapsulation, and structural waterproofing solutions. From crawlspaces to commercial buildings, we diagnose the root cause of every water problem and deliver lasting results you can count on. Our certified technicians bring years of hands-on experience to every job, treating every property with the same care and dedication we would give our own homes. When water threatens your property, Atlanta Waterproofing is the team you call

# Vision & Mission

## → Vision

To be Atlanta's most trusted waterproofing company — the first call every homeowner and business owner makes when water threatens their property, and the last waterproofing company they will ever need to call again.

## → Mission

Our mission is to protect Atlanta properties from the damaging effects of water intrusion through expert diagnosis, proven waterproofing systems, and a commitment to quality that never compromises. We deliver permanent solutions — not temporary fixes — and we treat every property we work on with the same care we would give our own homes. We are committed to honest assessments, transparent pricing, and results that stand the test of time and weather.

# Our Core Values

## **Integrity**

We tell you exactly what your property needs — nothing more, nothing less. Our assessments are always honest, our pricing is always transparent, and our recommendations are always in your best interest.

## **Innovation**

We continuously invest in the latest waterproofing technologies, materials, and installation methods — bringing modern, proven solutions to every property we protect across the Atlanta metro area.

## **Commitment**

We show up on time, complete every job as promised, and stand behind our work long after the installation is done. Your protection is our commitment — and we never walk away from that responsibility.

## **Collaboration**

We work closely with every homeowner and business owner we serve — listening carefully, explaining clearly, and building a customized protection plan together that fits your property, your needs, and your budget.

# Our Services

Atlanta Waterproofing provides comprehensive waterproofing solutions for residential and commercial properties across Atlanta. We protect homes and businesses from water damage through proven, permanent systems built to handle anything Atlanta's weather brings.

# Why Choose Us

- 
- **Free Property Inspection**
  - **Certified & Experienced Technicians**
  - **Custom Solutions For Every Property**
  - **Satisfaction Guaranteed**

Atlanta Waterproofing has built a proven reputation for delivering permanent waterproofing solutions that protect Atlanta homes and businesses from water damage. Our certified technicians bring years of hands-on experience to every job — diagnosing the root cause of every water problem and installing the right solution the first time. We never cut corners, never recommend unnecessary work, and never leave a job until you are completely satisfied with the results.

We understand that every property is different — which is why every solution we design is custom tailored to your specific conditions, water intrusion patterns, and budget. From your first free inspection to your final walkthrough, we communicate clearly, work professionally, and treat your property with the utmost respect and care.
